**10-Class Card: \$225**

Tuition will be processed on the 20th of each month (Aug through May) via credit card autopay, **all clients must have a credit card on file for tuition.** Cash and checks are also acceptable but must be paid before the monthly billing date to avoid being charged via autopay.

If enrolling mid-billing cycle your first monthly tuition installment will be for a full month and your second installment will be prorated.

Tuition rates are based on the full season schedule (Aug 20 - June 15) split into **10 equal monthly payments** for convenience and consistency, monthly rates are the same regardless of how many classes fall within each month.

There are no discounts or prorated months for holidays and closures included on our annual calendar, these are planned no-class dates that have been taken into account (and not counted in the number of classes for the full year) when calculating the tuition rates for the season.

**Annual Performances**

**Winter Performance (Dec 11-17)** will have a minimal costume fee for in-class demonstrations  
**Spring Recital (June 16)** will have a Performance Fee due in January that includes a costume, recital tshirt, and digital class photo.

Please refer to our studio policies and student handbook for more information about this season.
